Subject: Challenge Academy Application

A potential candidate from your district expressed a desire to attend our program. In order to assess his/her educational status, please fill out the attached form.

The Wisconsin National Guard Challenge Academy is a residential program committed to improving the quality of life for Wisconsin's 16 to 18 year old "at-risk" teens. Our target population is comprised of habitual truants who have dropped-out or have been expelled from traditional high schools or alternative schools.

Our program consists of two phases. Phase I is a 22-week residential stay at Fort McCoy in a quasi-military environment. Phase II consists of a 12-month post-residential mentoring period back in the home community. In the residential portion, much of the Cadets' time is spent in classrooms with Department of Public Instruction licensed teachers where enhancing basic academic skills and preparing for High School Equivalency Diploma testing is the priority. Other activities include anger management classes, a character development curriculum, rappelling, ropes courses, other experiential activities, community service projects, and leadership experiences. During Phase II, graduates of the residential phase are matched with community volunteers (mentors) to assist with the continuation of personal growth.

This is only a brief description of our program. For more details, please feel free to visit our website at www.challengeacademy.org

Thank you for your cooperation. If you have questions about our program or require additional information, call us at (608) 269-4605. If you're interested in a visit, please call us. We'd be pleased to host you or any other educators in your district.

Special Instructions for Finding Your Mentor

Parents/Legal Guardians and Applicants,

Part of the application process for the Wisconsin Challenge Academy is to find an adult within your community that is willing to be a mentor for the Applicant while they are in the 17 months of the program (22 week Residential Phase and 12 Month Post-Residential Phase). A mentor is an adult who provides support, encouragement, counsel, friendship, reinforcement, and a constructive example to the youth that they are committed to working with.

Mentors must be at least 21 years of age, the same gender as the youth, and not living in the same household. Immediate family members may not be the mentor. It is not necessary for the Applicant to personally know the mentor. Mentors come from many sources within the community where the youth lives and have wide and varied backgrounds. Past Mentors have included teachers, counselors, factory workers, ministers, police officers, judges, retired men and women, social workers, little league coaches, neighbors, and the list goes on and on. The qualifications for the mentor are listed below.

Mentor Qualifications

1. Must be at least 21 years of age
2. Same sex as the youth being mentored
3. Must NOT be a member of the immediate family (The definition of immediate family or household member includes anyone who has been the Applicant's primary caregiver or has lived with the Applicant. It is possible for a distant relative to be an Applicant's mentor if he or she is not the primary caregiver and has not lived with the Applicant, as long as the individual meets all of the other requirements.)
4. Should live within a reasonable distance of where the youth will live during the Post-Residential Phase (Reasonable distance is defined as the distance acceptable to both the mentor and the youth)
5. Must consent to a Criminal History Background Check (Background checks must be free of any sex offender convictions and must also be free of felonies, alcohol, or substance abuse convictions within the last 5 years.)
6. Must have a desire to volunteer some of their time for the youth and the program

When talking with potential mentors it is helpful to inform them of what they will need to do as a mentor. Mentors will visit with their Cadets (what the Applicant is called during the program) approximately two times (both are all day events with weekend availability) while the Cadet is in the 22 week Residential Phase at Fort McCoy. During the Post-Residential Phase, the mentor must have a minimum of 4 units of contact per month with his/her Cadet and is required to do one "Service to Community" project each quarter (once every 3 months). The mentor will also report monthly to the Challenge Academy, providing information on the Cadet's status/progress.

The youth does not need to know the adult, but should do the "asking" for their help. The Mentor Brainstorm Worksheet is provided on the next page for your use and has helped 9 out of 10 youth find a dependable mentor nominee. Another option is to post on the WI Challenge Academy Facebook page that you are searching for a mentor in your community. Below is a generic example that you can modify and use.

"My son/daughter is looking to attend the Challenge Academy. We are searching for a possible mentor in the city name area that would be willing to meet with us and discuss the possibility of being a mentor for the next class. Please message me if you are interested in this life changing opportunity."

Mentor applications can be submitted separate from the Cadet application. It is important to take the time to find a qualified and committed mentor. In order to be considered for Acceptance to the Challenge Academy, Applicants must have submitted all application materials, including their mentor application.

Mentor Information and Application

Thank you for considering being a mentor for a Wisconsin Challenge Academy Applicant. The Challenge Academy is a unique opportunity for a young person who has dropped out, is expelled, or is struggling in High School. It truly is a "second chance" to turn a life around. A very important part of this program is the involvement of mentors like you. When a candidate has a mentor who is committed to helping them succeed, he or she is much more likely to finish the program and return to his/her community as a productive citizen. We know that your time is precious, but this opportunity can be life changing for both of you. Below we have tried to cover some of the basic questions that you may have about the program and what is involved in mentoring with the Challenge Academy.

Our Mission

To offer our Cadets the opportunity to develop the strength of character and the life skills necessary to become successful, responsible citizens.

What is the Challenge Academy?

The Challenge Academy is a 17-month program for youth ages 16 - 18 years old who are at-risk of not graduating from High School. The first 22 weeks of the program (Residential Phase) is spent at Ft. McCoy in a structured, quasi-military environment. Cadets are provided the "opportunity to develop the strength of character and the life-skills necessary to become successful, responsible citizens". This is accomplished through a variety of daily activities to include classroom instruction preparing for HSED testing, character development classes, service to community, and leadership opportunities.

Following graduation, in the Post-Residential Phase, graduates of the program continue to sustain and build on the progress made during the Residential Phase with the help of their mentor. Cadets are assisted by their mentors to make the transition from the structured environment of the Challenge Academy into a self-governed environment back in their home community.

What is a Mentor?

A mentor for the Challenge Academy is an adult who, along with parents, provides support, encouragement, counsel, friendship, reinforcement, and constructive example to the youth that they are committed to see grow.

Who can be a Mentor?

Mentors must be at least 21 years of age, the same sex as the youth, and not living in the same household. Immediate family members may not be a mentor. It is not necessary for the Applicant to personally know the mentor. Mentors come from many sources within the community where the youth lives and have wide and varied backgrounds. Past Mentors have included teachers, counselors, factory workers, ministers, police officers, judges, retired men and women, social workers, little league coaches, neighbors, and the list goes on and on.

How much time is involved in being a mentor?

Mentors will visit with their Cadets approximately two times (both all day events with weekend availability) while the Cadet is in the 22 week Residential Phase at Fort McCoy. During the Post-Residential Phase, the mentor must have a minimum of 4 units of contact per month with his/her Cadet and is required to do one "Service to Community" project each quarter (once every 3 months). The mentor will also report monthly to the Challenge Academy, providing information on the Cadet's status/progress.

What would disqualify me from being a mentor?

- A conviction for a sex offense
- A felony conviction within the last 5 years
- Any alcohol, drug, or substance abuse conviction within the last 5 years
- A recent history of domestic violence (reports, charges, convictions)
- Failure to follow through on commitment on previous Challenge Academy mentorships

I'm ready to be a mentor; what do I need to do?

The decision was the hard part; now it's easy. Carefully read and fill out the attached application forms. Make a copy to keep for your records. Each of the two Reference For Potential Mentor forms (pages 4 & 5) should be given to someone who has known you at least 3 years (They will fill those out and send them in directly to the Challenge Academy). Mail the original application with a copy of your proof of car insurance to the Challenge Academy, ATTN: Admissions; in a timely manner (part of the process for acceptance of the applicant is to have a viable mentor). A staff member will contact you at a later date (within the first couple weeks of the Residential Phase) for a personal phone interview and to answer any further questions you may have.
